

## FLYING ANGELS TRAINING ONLY (NO COMPETITION) INFORMATION PAGE

The **Flying Angels Training Only (No Competition)** program is ideal for athletes who want to develop their skills alongside other aspiring track and field athletes. Athletes in this program train 2-3 days per week without competing in track meets. The athletes who select this program are those who are training to improve their performances at their school meets. This is the best program to select if you want to try the program to see if it's the right fit for you.

The program is divided into two groups. The **Elementary Group** consists of athletes who are in grade 1-8 and the **High School Group** is made up of athletes in grade 9-12.

Flying Angels has training group locations throughout the GTA. See the Locations page on the website to see the training locations, days, and times.
